ASC is ecstatic in welcoming you in the ASCian family and we're proud to count you all among the family. We only hire people we believe will make a difference and You have joined a dynamic team that pushes the boundaries of conventional thinking. May 2022 has been enriching with 7 employees joining us at various verticals and branches.

Here we hope you make most of it and we look forward to helping you make waves. Best of luck!

# Tradition Continues- Birthday Celebration

I hope that your birthday cake was as yummy as you are! Faith, reunion and patience are the secrets of progress and your presence made the month even more awesome.

Your birthday is a reminder that life is a story and you are a protagonist character who have the key to make your movie hit or flop. Make most of it because life is not in future not in past but in present. It's a pleasure to have you in the family. Happy birthday to the May born legends.

# Thoughts on Completion of 12 years at ASC

**Narender Singh Kaintura**

My name is Narender Singh Kaintura, working in a financial vertical of ASC for past 12 year. I joined ASC in the year 2010 with lot of fear and limited knowledge of the subject matter, since then ASC hold me tight to grow both professionally and individually by polishing my skills. With each passing year, I saw a better version of me with continuous support from seniors, especially the group CEO Alok Kumar Agarwal. I have always admired the down-to-earth and humble personality of Alok sir specially his readiness to help his employees in need. This nature of his acts as an umbrella shade for everyone.

I would also like to share one experience of 2 years back when entire world was struggling to sustain the pandemic and as a result many companies end-up with bulk employee layoff. However, ASC was always available for its employees during the toughest time and taking care like a near family.

I am seen ASC growing each day in these 12 years in terms of physical presence, revenue, people, service verticals, etc. When I first joined, there was only one office (Delhi) and limited employees. Today ASC is globally present with 9 locations and 300+ employess and I hope the company grows and is able to achieve in even faster pace. Last but not the least, I would like to give special thanks to my finance team and ASC family as a whole for always supporting me.

I am really thankyou to be the part of ASC!

Together we achieve more.

"Great things in business are never done by one person, they're done by a team of people."

Steve Jobs

A leader's role is greatly diminished without their team. No one can do everything by themselves and no one knows everything. It's so important to inspire, motivate and empower your team to become the very best version of themselves.

Bring out that greatness in your team by challenging their assumptions of what they can accomplish. Everyone has a gift trapped inside them. Everyone has something special in them; all it requires is someone to help them believe that anything is possible when you have that belief in yourself.

That's leadership; that's what leaders do. You are privileged to be in a position where you can direct shape, and focus someone's potential on a specific result. When you are given the responsibility to lead, you are given a fantastic opportunity to influence the lives of many people positively; a responsibility you should never take for granted.

## The Story of Rainbow

**R**ainbows is magic of nature, and you have to be in the right place to get a glimpse of it!

Rainbow has spectacular beauty with all colours coming together to spread happiness in the world. Every colour inspires to look at positive and magical universe and make rainbow one of nature's greatest optical phenomenon. They signify optimism & positivity and this miraculous sight of a rainbow never fails to bring a smile to people's faces.

I firmly believe that you need to have faith in your dreams and someday your rainbow will come shining through. No matter how your heart is grieving, if you keep believing, the dream that you wish will come true. It's the hard truth but life is not always going to be roses and rainbows. There will always be uncomfortable moments. It's what we do with those moments that is going to count and determine our destiny. **-Anuj Kumar**

## Why to travel Solo??

*“Travel Is the only thing you buy that makes you richer”*

Traveling solo breaks your mental barrier and one becomes fearless, exposure to the fast-moving world is very important in the current scenario.

Traveling Solo is an opportunity to explore your personality away from all the streets and hustle of daily life. It's a chance for you to break-free from a monotonous routine, and introspect on your thoughts, dreams, strengths and limitations.

Solo travel lets you step outside your comfort zone and you are less likely to feel stressed out since you are there for you and you alone. It gives your confidence a boost. It can help your problem-solving and decision-making, it helps clear your mind, creating some much-needed space to mull over major life decisions that you may need to make.

I have been a solo traveler and had explored more than 25 countries each with unique experience. Some of the countries I have traveled are United Kingdom, Italy, Germany, Spain, Netherlands, Australia, Singapore, France, Turkey, Switzerland, Czech Republic etc.

## Let's compete with ourself !

My Marathon experience is full of excitement and motivation source of life making me think in positive direction. Often, when we run a first marathon, it is just to finish. After that, we start thinking about the clock and then gradually it becomes hobby making us happy and energetic.

I have recently participated in 10 Kms Marathon organized by Jaypee Hospital and Noida Authority. I participate most of the state Marathon competition in Delhi NCR which counts to more 40 + organization. Marathon has now become a part of the life making me fit, healthy, energetic and mind fresh making me a better version of me.

### Planning to start Marathon?

If you haven't run a race before and are planning to run a marathon, there can't be anything healthier that build willpower. The most important question to ask yourself as you begin to train for a marathon is: "How much time do I have?" Be honest. Training for a marathon takes a lot of dedication.

## सफर एक जिंदगी का

जिंदगी के सफर मे कई लोग मल्लिगे,  
कुछ साथ चलेंगे तो कुछ पीछे छूट जायेंगे,  
मलिना बछिड़ना तो खेल है जदिगी का,  
बछिड़ने वाले भी कुछ यादें छोड़ जायेंगे ;

चले थे अकेले जीवन के सफर पर,  
लोग मलिते गए कारवां बनता गया,  
कुछ थक कर बैठ गए,  
तो कुछ साथ नभिाता चला गया ;

जदिगी के सफर पर चलने वाले,  
यादों को समेटकर आगे बढ़ेंगे,  
जदिगी के कुछ पल इन यादों के साथ,  
तो कुछ पल साथ चलने वालों के साथ बतिाएंगे ।

एक दनि सभी को अपनी मंजलि मलि जायेंगे,  
सभी यादों को सहेजकर वही बैठ जायेंगे,  
इन्ही यादों के साथ लोग वही रुक  
जायेंगे ।

पर सफर जदिगी का यूँ ही खत्म होता नहीं,  
फरि कुछ लोग कदम बढ़ाएंगे,  
कुछ यादों के साथ तो कुछ ख्वाबों के साथ,  
फरि वही एक नया कारवां बनाएंगे ।

जदिगी के सफर मे कई लोग मल्लिगे,  
कुछ साथ चलेंगे तो कुछ पीछे छूट जायेंगे -----

### मुझे पसंद थे

मुझे पसंद थे  
सभी रंग इंद्रधनुष के ,  
पर तुमने उतारा मुझे केनवास पर  
हमेशा काले और सफ़ेद में ;  
मैंने छूना चाहा  
क्षितिजि का सबसे खूबसूरत कोण  
पर तुमने रख कर कुछ शर्ते  
बाँध दिया मुझे  
गृहस्थी नाम के जीव मण्डल से  
मुझे पसंद थी नदियाँ ,  
जंगल , पहाड़ ,  
पर हाथ लगी मेरे तो बस एक सीमा ,  
कुछ ज़मिमेदारियाँ , और कई प्रतरीध ;  
मुझे अच्छी लगती थी  
बेतरतीबी बेढंगी और बेशर्मी ,  
पर तुमने हमेशा चाहा  
कि मैं रहूँ व्यवस्थिति , बिल्कुल करीने से जैसे  
एक अच्छी लड़की ... ;  
पर इन सब में  
कहीं न कहीं तुम भूल गए कि,  
एक उड़ती हुई ततिली को  
अपनी ऊँगलियों के बीच दबा कर  
तुम उसे पा तो सकते हो  
पर जीत नहीं सकते..

## Flavoursome Pancakes-Recipe

### Ingredients

- 1 ¼ cups all-purpose flour {see notes}
- 1 Tablespoon baking powder
- 1 Tablespoon sugar
- 1/4 teaspoon salt
- 1 cup nonfat or 1% milk
- 2 Tablespoons vegetable oil
- 2 Tablespoons water
- 1 teaspoon vanilla (optional)

### Direction

Mix together flour, baking powder, sugar and salt in medium bowl.

Combine milk, oil and water. Add to dry ingredients.

Stir just until moistened.

Lightly spray a large skillet or griddle with non stick cooking spray or lightly wipe with oil. Heat skillet or griddle over medium-high heat (350 degrees in an electric skillet). For each pancake, pour about 1/4 cup of batter onto the hot griddle.

Pancakes are ready to turn when tops are bubbly all over, a few bubbles have burst, and the edges begin to appear dry. Use a quick flip with a broad spatula to turn pancakes. Turn only once. Bake until bottoms are brown and dry.
